Terms and conditions of membership

The STIEBEL ELTRON loyalty program (hereinafter referred to as the "STIEBEL ELTRON Partner Loyalty Program") is a program managed by STIEBEL ELTRON It is intended to give installers advantages at different levels (Bronze, silver and gold) depending on the number of heat pump commissioning certificates returned to STIEBEL ELTRON by the installer during a 12-month rolling period

- ♣ Bronze PARTNER STIEBEL ELTRON
- ♣ Silver PARTNER STIEBEL ELTRON
- ♣ Gold PARTNER STIEBEL ELTRON

The loyalty program is reserved for installers having carried out at least 2 STIEBEL ELTRON heat pump installations between the 01/04 of the current year and the 31/03 of the year.

The loyalty program is limited to ONE (1) subscription per installer. In the event that an installer, natural or legal person, has subscribed several memberships, STIEBEL ELTRON reserves the right to consolidate, in a single subscription, the data and benefits of membership, by removing superfluous memberships.

The contract opposite comes into force upon acceptance by the future partner and will continue, depending on the date of signature, until 30/09 of the current year or the following year.

"Bronze Partner" eligibility:

- ♣ Cumulation of two to three STIEBEL ELTRON heat pump installations between 01/04 of the current year and 31/03 of the following year. An installation is recognized when its completed commissioning certificate is returned and validated at the STIEBEL ELTRON

headquarters in Bromoborough between the 01/04 of the current year and the 30/03 of the following year).

The validity of the status of partner evolves according to the installations carried out over a rolling year.

To retain Bronze Partner status the following year, the incumbent must have accumulated between two and three installments between the 01/04 of the current year and the 30/03 of the following year. Failing this, the member will obtain the status corresponding to the installations realized during the given period. If no installation has been made, the member loses his eligibility for the loyalty program and cannot claim any advantage.

Silver partner eligibility

♣ Cumulative of four to seven STIEBEL ELTRON heat pump validated (as for the bronze programme) installations between 01/04 of the current year and 31/03 of the following year.

The validity of the status of partner evolves according to the installations carried out over a rolling year.

To maintain Silver Partner Status the following year, the incumbent must have between four and seven installments between the 01/10 of the current year and the 30/09 of the following year. Failing this, the member will obtain the status corresponding to the installations realized during the given period. If no installation has been made, the member loses his eligibility for the loyalty program and cannot claim any advantage.

Gold partner eligibility

♣ Cumulative of eight or more STIEBEL ELTRON heat pump validated (as for the bronze programme) installations between 01/04 of the current year and 31/03 of the following year.

The validity of the status of partner evolves according to the installations carried out over a rolling year.

To maintain your Gold Partner status the following year, the incumbent must have eight or more installations between the 01/04 of the current year and the 31/03 of the following year. Failing this, the member will obtain the status corresponding to the installations realized during the given period. If no installation has been made, the member loses his eligibility for the loyalty program and cannot claim any advantage.

STIEBEL ELTRON reserves the right to modify at any time the date of the discounts and the nature of the rewards according to the availability and the supply of the various awards.

STIEBEL ELTRON reserves the right to cancel and / or modify at any time the status of STIEBEL ELTRON partner within the framework of the Loyalty Program for reasons, technical reliability, commercial or ethical reliability of the partner company not in adequacy. with the STIEBEL ELTRON policy.

This contract may be terminated in advance and without notice by STIEBEL ELTRON in case of non-performance or non-compliance with any of the obligations contained therein.

It may also be terminated early in the event of liquidation or receivership of the client, without compensation.

The resulting rights and obligations cannot be assigned or transferred by the customer, in whole or in part, for free or for a fee, in any capacity and in any form whatsoever, without the agreement, express, prior and in writing of STIEBEL ELTRON.
