

Energy efficiency is a matter of attitude

› SNE 5 t ECO GB

- › Electronic controls for precise-to-the-degree temperature setting from 30-80°C
- › Energy saving ECO function
- › Anti-drip technology: saves water and reduces limescale deposits
- › Thermostop function: prevents heat losses from mixer taps
- › LCD display
- › Three timer programmes (home, office, custom) for optimal hot water supply and reduced energy wastage

SNE ECO

CONTROLS EVERYTHING ELECTRONICALLY - INCLUDING TEMPERATURE

As the first fully electronic small storage tank, the SNE 5 t ECO GB sets a new benchmark.
Easy to use: precise temperature selection, accurate to the degree.
ECO function: high efficiency mode at the touch of a button.

Three configurable timer programmes (home, office, custom) for hot water supply and reduced energy wastage. For example, you can set the heater to shut down automatically at the weekends if your office is closed.

Easy to use and featuring ECO mode with hygiene function

Simple digital controls via a back-lit LCD interface.
During ECO mode the hygiene function inhibits the growth of bacteria by heating water to 73°C for 30 minutes once a week.

	PREMIUM
Model	SNE 5 t ECO GB
	202135
Energy efficiency class	A
Tank capacity	l 5
Mixed water volume at 40°C	l 10
Max. flow volume	l/min 5
Connected load	kW 2
Phase	1/N/PE
Rated voltage	V 230
Frequency	Hz 50/60
Available temperature range	°C 30 - 85
Standby energy consumption / 24 h at 65 °C	kWh 0,20
Height/width/depth	mm 421/263/230

Toolbox: helping you work more efficiently

We support you with a suite of tools and apps for planning systems and choosing products, including:

- › Product Datafinder: a searchable database of all our product information
- › Formulary tool: all the formulas we use to size hot water systems available as online calculators
- › Materials Tool: get quick quotations for the entire Stiebel Eltron range
- › Profi direct app: scan the QR code on an instant water heater to get all the product information you need to diagnose faults and undertake maintenance
