

# HOT 2.6 N 1600 Premium + 3in1 N4 b

WATER BOILERS

PRODUCT-NO.: 203883

## Be inspired by hot water in no time

This hot water system is the fast and convenient way to achieve very hot water. It consists of a space saving automatic water boiler, which you can place under the sink, for example, and a 3in1 kitchen tap. A perfect duo that allows you to quickly prepare hot drinks and food or clean very dirty dishes immediately.

## Use a constant temperature safely

The automatic water boiler has an electronic temperature control. This allows the appliance to maintain a constant water temperature of up to 95 °C. To use the hot water in the kitchen, the mixer lever tap has a special rotary selector that allows you to draw off the hot water with minimal steam or splashes. The built-in push & turn mechanism provides extra safety.

**HOT 2.6 N 1600  
Premium + 3in1 N3 c**  
Product-No.: 203882

## The main features

System comprising an automatic water boiler and special kitchen tap for cold, warm and hot water

---

Hot water available immediately and at any time

---

Safe thanks to well designed push & turn mechanism for hot water draw-off

---

Water is drawn with little steam or splashing

---

Very low energy losses thanks to high grade thermal insulation

---

Space saving installation thanks to low installed depth

---

Long service life thanks to the use of high grade stainless steel

Type	<b>HOT 2.6 N 1600 Premium + 3in1 N3 c</b>	<b>HOT 2.6 N 1600 Premium + 3in1 N4 b</b>
Part no.	203882	203883

## Technical data

Power supply	1/N/PE	1/N/PE
Rated voltage	230 V	230 V
Fuse protection 1	10 A	10 A
Frequency	50-60 Hz	50-60 Hz
Tap	3in1 N3 c	3in1 N4 b
Type	non-pressurised	non-pressurised
Application	Sink	Sink
Cylinder material	Stainless steel	Stainless steel
Colour	white	white
Temperature selection	95 °C	95 °C
Height	450 mm	450 mm
Width	200 mm	200 mm
Depth	145 mm	145 mm
Capacity up to	2,6 l	2,6 l
Spout height	226 mm	226 mm
Spout reach	210 mm	210 mm
Weight	9.00 kg	9.00 kg
Tap surface	chrome plated	brushed
