

CND 150

PRODUCT-NO.: 234815

Treat yourself to warmth twice over

With this product, the warmth reaches you in more ways than one. Since two heating systems are integrated in this direct heating appliance, it not only radiates cosy warmth, but also convects it via the indoor air. As a result, you enjoy a pleasant and comfortable room temperature. The appliance's elegant design ensures that it blends in perfectly with your living environment.

Convenient energy savings Easily set your preferred temperature on the appliance and benefit from greater savings: the wall mounted duo convector automatically lowers the temperature when you leave the room. If you open the windows to let fresh air in, the heater switches off automatically.

The main features

Wall mounted duo convector – ideal as an auxiliary heater or interim heater in spring/autumn

Even, pleasant room air heating

Modern and high grade design

Operating controls with backlit LCD

Weekly timer, frost protection and open window detection

Electronic control unit with presence detection

ON/OFF switch and overheating protection

Permanent connection with FIL control core
