

CNS 2000 Plus LCD Move (UK)

CONVECTORS

PRODUCT-NO.: 207061

Show your style, even when heating

Heat, always exactly where you want it. The elegant design of the freestanding convector makes this possible. Simply select your preferred temperature using the operating controls with LCD screen. Programming your portable heater is just as quick and easy. A weekly timer with three time programs and a self-learning function is already integrated for this purpose. To ensure that no heat is wasted, this freestanding convector even detects when windows are open.

Quality and design that comes highly recommended

The stainless steel heating element and steel fins, as well as the high quality manufacturing and finish, ensure that you gain maximum enjoyment from this premium design product. To ensure that the appliance remains safe even if it is tipped over, its integral pendulum switch automatically switches off the heating. Inbuilt electronic overheating protection provides additional safety.

CNS-B 2000 Plus LCD Move (UK)

Product-No.: 207069

The main features

Freestanding convector ideal as an auxiliary heater or interim heater in spring/autumn
