

RHW 700

RADIANT HEATER

PRODUCT-NO.: 234428

The frameless and very slim design with the minimalist glass surface fits into any modern environment. Our radiant heaters emit a special form of heat which is perceived as particularly pleasant. The all-round bezel on the back means that the wall mounting bracket and power supply are no longer visible post installation.

The main features

700 W heating output

White glass surface

Pleasant radiated heat

The clear design language highlights high grade interior appeal

Ideal for use as a booster or auxiliary heater

Optional installation vertically and horizontally

Straightforward and quick installation by a single person

Technical data

Type	RHW 900
Part no.	234429
Connected load	0,85 kW
Depth	49 mm
Height	600 mm
Width	1800 mm

Technical data

These appliances may only be installed and commissioned in conjunction with external room temperature controllers that have the following functions: Electronic room temperature control with day of week control and adaptive control of the start of heating. These requirements are met by the STIEBEL ELTRON RTU-TC, RTU-S UP Stiebel® and SRC C digital room temperature controllers. Failure to observe these requirements will result in the loss of the CE designation.
