

EIW

CONTROL UNIT/ENERGY MANAGEMENT

PRODUCT-NO.: 237745

This WLAN commissioning stick is used for wireless commissioning of the EASYTRON individual room control system via WLAN. The stick is connected to the USB interface of the base station. It enables separate access to the base station via a WLAN hotspot. This enables the system to be configured without having to access the network or router.

The main features

Tool for wireless commissioning of the EASYTRON individual room control

WLAN USB stick

Allows access to the base station without accessing the router
