

MyStiebel-App Android

CONTROL UNIT/ENERGY MANAGEMENT

PRODUCT-NO.: 340707

Get a feel-good temperature in your home easily and conveniently using the app

The MyStiebel app allows you to set the comprehensive functions of your STIEBEL ELTRON heat pump easily and intuitively – even when away from home. Besides controlling your heating, cooling and hot water, you can also configure and store individual time programs in the MyStiebel app.

Simple, sustainable, tailored

The MyStiebel app provides access to the operating modes of the heat pump manager, to create a comfortable temperature at any time. This allows energy consumption to be reduced without compromising on comfort. Spontaneous and temporary adjustments to the preferred temperature can be made at any time.

The main features

App for convenient heating, cooling, hot water and ventilation settings

Intuitive and simple operation of your system – even when away from home

Clear presentation of all important system information

Activation of standby or individual functions
