

SBB 500-1 Plus GB

PRODUCT-NO.: 202925

Make the link between hot water and high efficiency

Our solutions allow you to make good use of water heated with environmental energy. You simply need to combine your environmentally responsible heating heat pump with this DHW cylinder. It's also an effective way to boost energy efficiency. Under ErP rules, the appliance is rated class B.

Versatile, long term use

Remarkable efficiency is just one of the many benefits that you can look forward to. Thanks to integral corrosion protection, you can continue to enjoy your cylinder for many years to come. It doesn't matter whether you live in a single-family house or two-unit building, the appliance is suitable for use in both.

The main features

DHW cylinders for combination with heating heat pumps

Low standby losses for efficient operation

Integral corrosion protection

Choice of 300, 400 or 500 litre version, depending on DHW demand
