

STH 720-1 Plus

PRODUCT-NO.: 203766

The perfect complement to your heat pump

You've decided on an environmentally responsible heat pump and are now looking for an accompanying buffer cylinder. This model for family homes is the perfect choice. If necessary, you can also connect an electric heater to the cylinder for a plentiful heat supply. If your heat pump supports reverse operation, the appliance can also store the water required for cooling. Make use of thermal energy

Our range also includes a model equipped with a special indirect coil. This allows you to make efficient and effective use of the heat yielded by your solar thermal system.

The main features

Designed for different heat pumps

Cooling operation possible

Individual cylinder selection subject to system size

Highly effective thermal insulation

Type	STH 720-1 Plus	STH 210 Plus	STH 415 Plus
Part no.	203766	203763	203764

Technical data

Standby energy consumption/ 24 h at 65 °C	2.20 kWh	1.10 kWh	1.60 kWh
Nominal capacity	703 l	207 l	415 l
Surface area, heat exchanger, bottom	2 m ²		
Height	1890 mm	1535 mm	1710 mm
Diameter incl. thermal insulation	910 mm	630 mm	750 mm
Height when tilted	2000 mm	1650 mm	1800 mm
Weight	216 kg	58 kg	81 kg
